

Location, date

Dear DPT,

we hereby confirm our enrollment in the Initiative Zero.

We are aware that this Initiative:

a) entails the conversion of all our out-of-maintenance permanent licenses (PL) into ASF (Annual Subscription Fee) licenses, which we could use on new PCs and/or in up-to-date versions. This conversion will take place by exporting our old licenses – if they are linked to workstations – and/or returning the USB/parallel dongles to DPT offices in case of licenses on hardware keys.

b) is completely free of charge and it will allow us to use the new licenses until 31/05/2018; after this date, they will stop working unless we renew them.

License ID	Product	Machine ID

c) We also acknowledge that, after the free 12-months period, we can freely decide whether and how many licenses we want to renew – always as ASF -, by referring to the special prices shown in the table below.

The renewal price for the 2nd year (and the years after) corresponds to half of the ASF price established in DPT Price List, as shown in the table here below for some of the main DPT products.

Product	Renewal price	Product	Renewal price
TDEngineering	1.300€	TDProfessional	2.400€
TDTooling	1.900€	TTeamPDM	320€

d) Once we send back this signed document and the .tbu files/dongles, DPT will provide us with the ASF (Annual Subscription Fee) licenses in the version we request.

Kind regards,
